

General Advance Care Planning (ACP) Facilitator Training

Advance care planning, a national initiative, empowers individuals to make informed decisions on their future healthcare preferences. It guides individuals to explore their care preferences in accordance with personal values and beliefs, ensuring that their wishes are respected when they are no longer able to speak for themselves. Recognized as a core clinical competency in health, social and the community sectors, the program equips frontline staff with the skills in ACP facilitation and builds the capability of health and community care organizations in making ACP accessible to all.

1. An in-depth understanding of the value and ethics of advance care planning.
2. The framework and skills required to facilitate a General ACP conversation.
3. The ability to create written plans that accurately reflects individual's care preference and that can be communicated to healthcare providers.
4. The resources to be able to respond appropriately to common ACP-related matters

Course Pre-Requisite:

- Achieved a 100% score for all 6 online modules with unlimited attempts.
- Achieved a minimum score of 80% for the 20-MCQ quiz with a maximum of 2 attempts.

Trainers' Profile

Chief Trainer – Ms. Ng Tzer Wee

Ms. Ng is a pioneer in advancing Advance Care Planning (ACP) efforts in Singapore, with over 15 years of experience in both facilitation and training. She brings a deep well of expertise to the field, having contributed significantly to the development of local ACP training curricula and conducted a number of Train-the-Trainer programs.

Certified in the WSQ Advanced Certificate in Learning and Performance (ACLP), Ms. Ng applies adult learning principles to ensure her training sessions are engaging and impactful. This training is further strengthened by a team of assessors—comprising doctors, nurses, and medical social workers—who are actively involved in ACP facilitation and training themselves.

A decorative header featuring a dark blue rounded rectangle containing the 'Topics Include:' section. Above this rectangle, several yellow birds are shown in flight. Below the rectangle, two yellow cats are depicted in a jumping or pouncing pose. The background of the entire page is a light cream color with a faint, stylized illustration of a large tree with a thick trunk and leafy canopy at the bottom.

Topics Include:

- Goals and scope of ACP
- Ethical considerations of ACP in Singapore
- Attitudes & skills for effective ACP facilitator
- Application of General ACP framework
- Practice Demonstration of competency in facilitating General ACP
- Documenting conversation in written plan

A decorative horizontal line of yellow grass with small flowers, separating the 'Topics Include:' section from the 'Training Methodology' section.

Training Methodology

- Pre-course quiz
- Classroom facilitated learning that includes small group practice, feedback giving and discussion, assessment for certification
- Post-course 2-hour facilitated group learning via zoom

Training Facilities

Singapore Anglican Community Services (SACS) offers access to a network of well-equipped training venues across multiple locations island-wide, providing flexible and conducive learning environments for a wide range of courses. Facilities include air-conditioned classrooms, auditoriums, and specialised simulation spaces with essential audio-visual support to enable effective, practice-oriented learning. All venues are easily accessible by public transport and supported by learner-friendly amenities to ensure a comfortable training experience.

Attendance and Course Completion Requirements

Participants are required to achieve 100% attendance for all scheduled training sessions. Course completion is subject to full attendance, fulfilment of all course pre-requisites, successful completion of all required assessments, and submission of the post-course evaluation.
